

FAQ'S

2 HOUR HOUSE WORKSHOP

Question: What is 2HourHouse?

Answer: **The 2Hour House (2HH) is a series of books, videos, and workshops that will help turn your impossibles into an IS-possible. Shifting the global mindset.**

The 2Hour House approach uses practical and powerful principles designed to create real change in whatever you apply them to. It teaches that by sometimes breaking rules we are all capable of achieving our goals and breaking records.

Question: What makes 2HourHouse different?

Answer: **The Herman Report suggests that 80% of Americans are working at 40% capacity, because they don't have a strong belief in their true principle. Which teaches us that creating a challenging and stimulating work environment can make an immediate and extraordinary change in the human spirit and, more remarkably, have a profound influence on our success principle.**

In addition to sound motivational and organizational principles and other important business takeaways, audiences are interested in the experience. Learning how to break the myth of what appears to be our normal limits, and stepping into a place where our work and personal playground is bigger- with more to offer, is the goal of this unique series. In other words, being part of a quantum leap of self-expectation, so that participants begin to focus on the possibilities –rather than their perceived reality, is the mission of the 2 Hour House. It is our childhood dream of “What if I could make this come true?” actually happening.

By using certain “standardized information seeking techniques” the 2 Hour House customizes programs to the needs of individual companies-and use a number of easy to understand analogies to anchor each critical process.

One of the unique approaches of the program is the use footage from the actual 2 Hour House project-which successfully built a 2300 square foot house in less than 3 hours. The video brings the principles to life in an exciting and easy to understand example. **We don't just talk about it. WE DID IT and we will show you how!**

Question: Who benefits from these workshops?

Answer: Everyone.

FAQ'S

2 HOUR HOUSE WORKSHOP
